

10th EuBIS Seminar and Training *'Good practices in blood components and medicinal products referring to GPG and GMP'*

Quality management and inspection criteria
for blood establishments and pharmaceutical products

24th – 26th of October 2018, Palermo, Italy

organised by the EuBIS Academy
in cooperation with the Centro Nazionale Sangue (CNS)

1st Announcement for registration www.eubis-europe.eu

10th International Seminar and Training Course - Palermo, 24th – 26th of October 2018

Seminar and training - From Good Practice (GP) to Good manufacturing Practice (GMP) – blood components and medicinal products

The seminar will build on previous EuBIS training courses with the scope to train on the impact of the new regulation of Good Practice for blood and blood components in the European Union.

The seminars will comprise lectures and group work in a face-to-face fashion based on cases covering several aspects of GP and GMP such as: GP Guidelines, Inspection/Audit, Validation, Change Control, Corrective actions, Risk Assessment.

Previous participation in a EuBIS/Catie course is beneficial but not a prerequisite.

Training course language: **English (group work in English or Italian language)**

Course fees European/International participants: 470,- €

Registration: www.eubis-europe.eu (Meetings and Courses)

Including further information (short programme) and meeting location

Participants are offered an examination (optional) with a certificate of successful participation in the examination by EuBIS Academy / CNS.

The examination will be in **English or Italian language**.

Training course participants:

- Qualified as inspectors by a Competent Authority
- Individuals working in a blood establishment in the area of quality management.

Training places are limited: Selection of training participants and confirmation of participation will be on the basis on time of registration.

The next course is foreseen to be organised in Italy (Toscana, March 2019).

More details will be shared in due time.
